Bella was sitting on her bedroom floor with her boyfriend and long

time friend Tim. She had skipped work that day. Waiting for her parents to leave and her step brother. She was twenty-two years old and had dyed her hair pink. Her mother didn't like her hair the way it was but saw the blonde hair peeking through the light pink.

Sitting Indian style wearing a pair of black leggings and a white shirt that showed off her big tits when she leaned over she was laughing about something that Tim had said to her.

"You going to get into trouble with your boss?" Tim asked her.

Tim worked the same shift as her but they had different jobs. He worked at a car dealership with his father hoping that one day he would be able to take it over. His father's dealership had been passed on down to him when his grandfather passed and they were keeping it in the family.

Tim was sitting beside her. He had just turned twenty-one. With a well muscled body from working out when he wasn't working he looked good in his white tank top and black jean shorts. Tim was glad that it was just the two of them. Usually it was her step brother that was home. As far as she knew her step brother John was suppose to go to the beach with his friends. Skipping work himself she had overheard a conversation that they were suppose to be heading out first thing in the morning. Though she hadn't heard him leave she knew that John never gave up an opportunity to go to the beach with his friends.

"No. This is the only time I've called out since I've been working at the shoe factory. I've been working there what....two years?" She asked him having to think back.

Tim nodded his head in agreement with her as he moved closer to her. They had been going out for almost a year and they still hadn't slept together. He was hoping to get the chance since no one was home.

"You look very beautiful." Tim whispered to her as he moved close to her neck to give her a kiss.

"Tim. You are tickling me." She laughed at him and moved away from him. His hot breath was tickling her neck.

Tim laughed at her and put his arm around her when she moved back towards him. She bit down on her lip and knew that he wanted to kiss her. She wanted to kiss him too, she wanted to get close to him.

"You really are beautiful though." Tim told her in a whispered voice. He stopped smiling so that she could see that he was telling her the truth.

"Thank you." Bella blushed a little. Taking her eyes away from his. Her blue eyes gleamed with happiness.

Tim brought his hand to her chin and turned her head slightly so that he could continue to look at her. Looking into her eyes and slowly traveling down to her mouth he looked at her neck and went lower with his eyes. Seeing her cleavage that was showing off for him he knew that she wasn't wearing a bra. She had called him over the second everyone left. She was still in her pajamas. The sun was shining through the blinds that were open slightly. They wee sitting in the sun that was shining on her white carpeted floor.

Tim brought his mouth down to hers slowly and closed his eyes slightly. Seeing that Bella was closing her eyes all the way waiting for him to kiss her.

He brushed his lips against hers and heard her moan softly. Slipping his tongue between her lips and touching her tongue with his he kissed her harder feeling her arms go around his neck as he leaned into her more.

Tim didn't want the moment to end. He wanted to go much further then what she was going to allow him to but like always he tried to get her to go further with him. Not understanding why she wouldn't have sex with him.

He brought his hand to her tit and slowly began massaging it with his hand. He could feel her nipple slowly getting harder under his touch of his hand. Tim was surprised that she hadn't pushed him away yet like she always did. She kept her arms around his neck and kissed him harder. Pushing her tongue further into his mouth.

Tim moaned against her lips and brought his hand slowly under her shirt. Wanting to touch her skin with his hand. Wanting to spend as much time as he could with her. He wanted to make her happy and show her just how happy he was to be with her.

When his fingers touched her hard nipple she pulled away a little. Not completely taking her arms away from his neck but taking her mouth away from his, breaking their kiss.

"I don't think that it would be a good idea to continue." She whispered to him, looking down at her shirt and seeing that Tim hadn't removed his hand from under her shirt.

"Are you kidding me?" Tim whined at her, taking his hand away from her tit and sighing heavily. He couldn't believe she was doing this to him. He could feel his cock getting hard inside his shorts and it just wasn't fair that she would push him away now.

"You know that I'm not ready to start having sex. I've had it one time and you know that. I regret it even now." She explained to him softly. She had lost her virginity at summer camp and though she was more then willing to give it up she didn't really enjoy it. It was something different then what she expected it to be.

"Come on. Everything's going to be alright. You know that I

love you." Tim cleared his throat trying to make her feel bad.

Bell didn't know what to say to him. She looked down at her hands instead of his eyes. Thinking about giving in to him.

"Come on." Tim whispered to her, a small smile growing on his face. Most times when she was quiet she was thinking. Really thinking.

"On one condition." Bella sighed, looking up at him and giving him a smile.

"What's that?" Tim was more then willing to compromise with her as his eyes grew wide. He was finally making some progress.

"When I say stop that's what we do." Bella blushed and shook her head. She couldn't believe that she was willing to do this. Wondering if her mind had thought about it without her knowing when she had called him up and invited him over knowing that no one was going to be home for hours. It gave them ample time to spend together.

"The second you feel uncomfortable we can stop." Tim nodded his head in agreement as he moved closer to her.

Bella looked down at his shorts and saw through his jeans that he was hard. Wondering how long he had been that way and if it was growing more while they were talking. Tim saw where she was looking and gently took her hand in his. He brought her hand to his shorts where his cock was hard. Letting her touch it and rub it for him.

"Feel that? That's how hard its gotten for you just by kissing you." Tim grinned at her softly, letting her know how he was feeling.

Bella moaned and squeezed it gently in her hand. Hearing him gasp and whisper her name as she squeezed him tighter.

"Maybe I should get out of these shorts." Tim whispered in her ear. She was hurting a little through the jeans.

Bella took her hand away from him and sat back. Her heart was racing. She had seen him in boxers before but it wasn't the same. She had a feeling that she was going to end up having sex with him before the day was through as long as she didn't chicken out.

"Remember go slow." She felt like she had to remind him and bit down on her lip. She felt her hands getting sweaty.

"I know." He laughed at her, standing up and taking his shoes off. Quickly taking off his shorts and standing in his shirt and boxers. His cock hard and throbbing against the thin fabric he had on.

Sitting back down on the floor beside her Tim slowly made his way back to her mouth with his. His heart felt like it was pounding in his ears.

Tim lifted her shirt slowly up over her head and tossed it on the floor. Still keeping his mouth attached to hers. Bella wanted to push him away feeling the cool air on her exposed tits but when she heard him groan and watched him look down at her tits.

Tim began kissing her harder on the mouth. Pushing his tongue against hers firmly and nibbled on her tongue once she pushed his tongue back into his mouth with hers. Bella whimpered as she felt him biting down on her tongue.

Putting her arms around him to bring him in closer he pushed his body against hers and made her lay down on the bedroom floor. Bella put her hand against his chest letting him know that she was done. The closest she had ever come to having sex with him.

Tim didn't take the hint. He pressed his hard cock that was still in his boxers against her thin leggings. Rubbing it against her pussy that was hidden beneath the thin fabric.

"Okay, okay Tim." Bella finally broke the kiss, almost breathless as she tried to get him off of her.

"Come on baby, don't you feel my hard cock wanting you?" Tim whined in her ear as he kept pressing his cock harder against her.

"Tim, please." She whispered to him. Going into panic mode. One reason why she didn't want to go further was because she knew if she asked to stop he would already be over the edge and wanting to fuck her.

"Just a little further baby. Come on, please." Tim begged her softly as he stopped rubbing his hard cock against her.

Looking into her eyes he smiled at her and kissed the top of her nose. Letting her know that he wasn't mad at her for wanting to stop him.

"I don't know..." Bella trailed off. She knew that it wasn't right to lead him on and then tell him to stop when he got to a certain point. It wasn't something that she usually did. Then again they weren't usually left alone for a long period of time either.

"Baby...." Tim shook his head and sighed heavily. He thought that he wouldn't get mad at her. But his cock was throbbing and in pain now knowing that he wasn't going to get anything from her.

Tim got off of her quickly and turned away from her. Going over to the bed he sat down on it and tried to clear his head from thinking about her pussy.

"You're mad at me." Bella stood up, not bothering to take her shirt off the floor and put it back on.

"No I'm not." Tim told her softly, looking down at his feet. Wanting his cock to ease up a little. Knowing that the only way he was going to have it go down was to play with his cock until it came. Thinking about going to the bathroom already.

"We left the door open." She laughed, pointing at the door and trying to make a joke of it. Nine times out of ten it worked but not this morning.

"I just don't understand how you can tell me that you love me and then not want to have sex with me. Why did you call me over here? Just to tease me?" Tim asked her, looking at her as her smile faded away.

"No, I was thinking that we could hang out because we haven't been able to hang out much." Bella explained to him.

There was a moment of slightly as Bella looked down from his eyes and saw that he was still hard and she felt her pussy getting wet inside her leggings. She felt moist and felt that she needed to do something about it. She had fingered herself plenty of times before. Thinking about Tim's hard cock she wanted to have him inside of her to feel him moving in and out of her pussy. To cum for her. Thinking about all these things she let a moan escape her mouth.

"Why don't you come over here and relax with me." Tim told her, laying back on the bed. He could see that she was horny and even though he had heard her moan he tried to act like he didn't. Giving her one of his best smiles he knew that it would make her move her feet.

"You know that I like messing around with you right? You know that." Bella told him, walking over to the other side of the bed and laying down beside him. Her tits were a little cold from not having her shirt on.

"I know you do. Come on, where were we?" Tim asked her, trying to get her to let him get on top of her again.

"Well if you want to you can suck on my tits. They are rather cold." Bella told him sweetly, feeling her face getting hot. She hadn't asked him to do that before but she wanted to know how his mouth felt on her tits.

"That's a good place to start I think." Tim laughed at her. He put his arm around her waist and brought his mouth down to her tit. Licking her hard nipple first, teasing it with the tip of his tongue. He heard her moan softly and was glad that she was liking it. It mean that she wasn't feeling pressured into letting him do something to her.

Tim bit down on her hard nipple and began teasing her more by nibbling down on it as fast as he could.

"Please Tim, please don't tease my tit." She begged him.

"This is how you make my cock feel when you tease me and then pull away. It feels good doesn't it?" Tim asked her, looking into her eyes.

"Yes....god yes...please Tim." Bella whined at him. Not thinking about his hard cock she was thinking more about her own needs.

Tim quickly went down to the tit that he was teasing and

sucked it into his mouth quickly. He sucked her tit in so far into his mouth that he felt her hard nipple at the back of his throat. Wishing that he could suck it down into his throat as he licked and lapped at it quickly.

"Fuck Tim! God that feels so fucking good baby!" Bella hollered at him. Pushing his head further against her tit.

Tim felt her legs moving apart and quickly brought his hand down between her legs. He began rubbing her pussy through the thin leggings and felt her jump under his touch. Thinking that she was going to push him away she spread her legs further for him as he touched the wetness between her legs. His cock getting harder then he thought imaginable.

"Fuck honey I didn't realize you were so wet for me." Tim whispered to her, taking her tit out of his mouth so that he could work on the other one.

"Its very wet. Nice and wet." Bella told him quickly, smiling as he looked at her before putting his mouth over her other tit and massaging it and teasing it like he had done to the other one.

Tim moved his hand slowly up her pants and tugged at the waist band of her pants. When she didn't push his hand away he brought his hand inside her pants and was surprised that her pussy was shaved when he was able to reach the smooth, bald pussy lips with the palm of his hand. Just when Tim was about to spread her pussy lips so that he could tease her clit she pulled his hand out of her pants.

He wasn't ready to give in and cool off again. Thinking with the head between his legs instead of the head on his shoulders he quickly covered her body with his own. Pressing his hard cock against her pussy hard. Wishing that he could just tear off her pants and started fucking her wet pussy. Now that he knew she was really wet he couldn't think about anything other then her pussy as he bit down hard on her tit.

"Tim you're hurting me!" Bella hollered at him, more out of shock then from fear.

Tim let go of her tit and began kissing and biting her neck. Pressing his cock harder between her legs and heard her moan out.

"Tim please, we really need to stop now. You are hurting me." She told him as calmly as she could when he didn't listen to her the first time.

"Baby its going to feel so good. So fucking good. Your pussy is so wet for me. Are you sure you want to just stop?" Tim moaned in her ear and covered her ear with his mouth. Licking and lapping the inside of her ear.

"Yes. I want to stop." She told him firmly. Fighting the urge

to push him off of her or yell louder then what she had to.

"I don't want to stop. You know what I really want to do?" He took his mouth away from her ear and looked deep into his eyes as he thrust his cock against her again. Hating that such thin fabric between the both of them was keeping him away from what he wanted the most.

"I know what you really want to do and I'm not ready for that with you." Bella glared at him, remembering that he had promised her when she thought it was getting to hot and heavy between the both of them.

Bella tried pushing him off of her and realized that he was much stronger then her. She sighed heavily when she couldn't get him off of her.

"If we stop now my cock is going to be really hurting me. Do you really want that to happen?" he asked her softly.

Tim moved slightly, putting just enough space between them as he took his hard cock out of his boxers, pressing his body down on her again he moaned the thin fabric of her leggings it felt like he was rubbing right against her pussy without any clothing on.

"Please Bella, god you can feel how hard my cock is." He whined at her. Hoping that she would change her mind.

"How about I suck on your cock the way you did my tits? Will that help you a little?" Bella asked him. Hoping he would take it as a compromise. Her pussy lips were hurting because of how hard he was rubbing his cock against her.

"I will take that." Tim grinned at her and grunted as he lifted himself off of her and slowly brought his cock to her mouth.

"When you get ready to cum take your cock out and cum on my tits." Bella pointed out to him. She didn't like the taste of cum. Not since the first time she had tried it with one of her other boyfriends. Not having much experience with sex she knew for a fact that she didn't like the cum in her mouth.

"Okay." Tim whispered to her and watched as she opened his mouth for her. He couldn't wait to get his cock nice and wet inside her mouth.

Tim watched as Bella grabbed a hold of his cock. A little worried because he had a bigger one then the boyfriend she had slept with. Wondering how much it would actually hurt her pussy going into her. Another thing she would have to worry about when the time came. She just hoped it wasn't going to be today.

She licked at the head of his cock first. Looking into his eyes and seeing the lust and desire in them he bit down hard on his lip as he closed his eyes and began enjoying what she was doing to him. Bella grinned as she sucked on the head of his cock into her mouth.

Massaging it and sucking on it hard and fast.

"Oh Bella, that's the way....that's a good girl. I knew that you would relax for me. I knew that when you really got into it that you would make me a happy man. Come on baby, suck my cock all the way into your mouth the way I sucked on those big tits of yours." Tim whimpered to her wanting to shove his cock into her mouth and have her gag on it. He had to fight the urge to do so. He had a feeling that if he took control then she was going to get really mad at him and there would be no way he could convince her to let him shove his cock into her pussy.

Bella nodded her head at him and gave him a wink as she slowly suckled his cock into her mouth little by little. She loved hearing him whimper and moan for her. Glad that she was doing a good job of pleasing him.

"You know what would really make me happy? I mean your mouth is so fucking hot and wet. I bet that pussy of yours is just dying to have a nice hard cock inside of it. I would love to cum in your sweet pussy." Tim grunted to her and pushed his cock into her mouth more without her needing to do anything.

Bella froze for a minute, wondering if he was going to try and take her pants off while she was sucking his cock. Knowing it would be impossible for him to do.

"Its alright baby. Trust me, I am not going to go for your hot pussy. Not right now at least. Your mouth is doing such a good fucking job. You know you could make me cum by letting me fuck your mouth. Letting me shove my cock in and out of your mouth at a fast pace would really get me to cum fast." He whispered to her throwing his head back and groaning as he felt her teeth start to tease his hard cock as she tried nibbling on it.

When she stopped sucking on his cock he knew that she was agreeing to let him fuck her mouth with his cock.

"Thank you baby. Yes thank you god." Tim moaned to her, the smile on his face growing wider as he slammed his cock into her mouth hard.

Tim had caught her off guard and she started choking on it, her eyes growing wide as he looked at her and saw that she was now glaring at him.

"Baby you have no idea how good my cock feels in your mouth. Fuck baby, I'm going to cum soon. I know I am." He murmured to her, taking his cock out of her mouth. He didn't expect her to shut her mouth when he took it out. He was hoping to slam it back to the back of her mouth again but the head of his cock got stopped because she refused to open her mouth. Pressing her lips tightly against each other.

"Come on don't be like that." Tim moaned to her and rolled his eyes. He was getting rather annoyed with her now.

Instead of talking to him Bella shook her head back and forth at him. Keeping her angry look on her face. Letting him know that she was getting really pissed off with him at that moment. He wasn't going easy like he was going to.

"I got carried away Bella. I'm sorry." Tim put his hands to the side of her face and caressed her cheeks.

As Tim was talking to her softly he saw someone out of the corner of his eye standing in the doorway. His heart was beating harder against his chest when he thought that it might be one of her parents coming home early from work. Neither one of them had heard the door downstairs open up and close like it usually did. When Tim realized it was just John he blushed a little and was a little embarrassed to have his cock pressed against her mouth with her stepbrother just staring at them.

"What seems to be the problem?" John asked him walking into the room.

John was really skinny with black hair and dark eyes. Wearing a pair of swimming trunks with no shirt on but a towel wrapped around his neck and dangling off his shoulders. A bigger smile on his face when he saw that Bella had no shirt on. Something he had been dying to see since he couldn't remember when.

"Well this is kind of awkward if I do say so myself." Tim told him lightly. He hadn't taken his cock away from her mouth.

Bella was happy to see him though she didn't open her mouth. Glad that someone was now home and she could just get dressed and pretend it never happened.

"What's the matter?" John looked at Bella with soft eyes. Not responding to Tim but he had to fight back a moan that threatened to come out when he saw how long and hard his cock was.

"He's trying to fuck my mouth." Bella whimpered to him. Not feeling the need to closer her mouth she left it open slightly.

Tim didn't know what came over him but he pushed the head of his cock into her mouth and forced her mouth open the rest of the way. He couldn't believe himself, couldn't believe the nerve he had with John standing right there watching him do it.

Bella looked at John with pleading eyes. Hoping that he was going to do something about it. To be on her side and pull Tim off of her like any brother would do. Step or not.

"You look so fucking hot with that cock in your mouth Bella. Your tits are so fucking beautiful. Do you know how long I've been waiting to be able to walk in on you and see you almost naked?" John asked her, rubbing the side of her face with his hand as he looked

hard at her tits.

Bella's eyes opened wide again. Hearing what John was saying she knew that she wasn't going to get any help unless her parents came home. That wasn't going to happen any time soon. Neither one of them called out of work early once they arrived. They figured that there was no point when they were already there.

"She won't let me fuck her pussy so she told me that I could fuck her mouth and now she's really not wanting me to." Tim grunted to him, sweating a little. He didn't dare take his cock out of her mouth for fear that she would clam up again. Tim didn't care what John did as long as he helped him get what he wanted.

"Take your cock out of her mouth. We have other things that we can do." John chuckled at him, thinking that he looked pathetic forcing her to suck his cock.

Tim was a little confused and gave him a look that told him he was crazy. Seeing that John was actually amused with what was going on.

"Go ahead its alright." John told him softly, nodding his head and looked like he was in control of the situation.

Tim sighed heavily and took his cock out of her mouth. He wanted to cum, needed to cum so bad that he could feel it just wanting to explode out of him.

"John what are you doing?" She glared at him, she was going to tell his father when he got home from work and he would be in trouble. Hoping that her mother made him move out of the house because of what he was going to do to her.

"Oh stop Bella. I've seen you walking around in such short shorts around the house, the tops that you wear hardly even cover those tits of yours. You are a tease and now that I'm home and see what's going on I would be a damn fool to stop it. Don't you think Tim?" John asked him, watching as he laid down beside Bella.

Bella tried getting off the bed but Tim reached out and wrapped his arms around her and began kissing her on the neck.

"Stop! Just stop it!" She screamed at him, getting mad a the both of them for doing this to her. She thought that John was going to help her but he was thinking with his cock that she watched growing inside his swimming trunks.

"You know you're going to like it Bella. Why would you be looking at my cock if you didn't want it huh?" John grunted to her and walked down to the foot of the bed.

Bella didn't know what he was going to do next. He had moved so fast that she didn't even have time to react.

John got onto the bed and tore her pants right off her. Her pussy being seen by the both of them as he yanked them off her and tossed them over his shoulder.

"Why would you want to hide a beautiful pussy like this from us?" John moaned to her, staring hard at her pussy. His eyes as big as saucers as he talked to her and took his swimming trunks off.

His hard cock was standing at attention for both Tim and Bella to look at. Bella tried turning her head but Tim held onto her hard and she had no choice but to look at it.

"Come on Bella, it doesn't have to be so hard baby. Your pussy does look inviting. It would look inviting to any man really." Tim licked the side of her neck as he talked to her. Feeling more confident in himself now that he had a partner to help him out.

"I am sure you want this hard cock in your pussy." John moaned to her.

The second that Tim had heard this he pushed her down on the bed on her back. John spread her legs as she tried squirming around. Trying to get out of Tim's grasp. Knowing that if she was able to she could run down the stairs and out of the house. She would holler and scream until she got the help that she needed not caring if she was naked or not.

"Why John? Why are you doing this to me?" She began crying to him and felt his mouth go down to her tit. She felt his mouth suckling as hard as it could on her and began moaning for him. When Tim heard her moaning he quickly began sucking on her free tit. Slurping at it as he popped it in and out of his mouth teasing her.

"Fuck.....oh god guys." She whimpered, biting down on her lip she stared up at the ceiling and couldn't believe that she wasn't yelling or crying out for help. Thinking her pussy had control over her and that wasn't her fault. It was theirs for keeping her there with them.

"You like that honey? You like us sucking on your tits?" John grunted to her as he pressed his hard cock between her pussy lips. Feeling the head of his cock pressing up against her clit.

"Yes! Fucking yes, okay. I want your cock. I want it." She begged him. More turned on that she was going to have her step-brother shove his cock into her more then she was about her boyfriend suckling her tit.

"Hey, that's my hole!" Tim glared at him when he heard what they were saying to one another. Feeling left out.

"I thought you wanted that sweet little mouth of hers?" John giggled at him.

Tim glared at him, John knew damn well that he wanted her pussy. He had told him that was the reason why he was fucking her mouth when he walked into the bedroom because she wouldn't give up her pussy to him. He had been waiting for almost a year to get inside that

wet pussy and he wasn't going to let anyone take that away from him.

He watched as John laughed at him louder. Tim knew he looked like a damn fool with his mouth hanging open.

Without warning Tim shoved John off of Bella and they both landed on the bedroom floor. Tim was on top wrestling him naked. Bella sat up on the bed with a smile on her face. She was hearing them grunting and groaning try to overpower one another. Before she could blink an eye she watched as Tim pressed his body down hard on John and move his cock up and down John's. Both of them moaning with pleasure now.

"God....oh yeah that cock of yours keeping rubbing it baby. Keep fucking rubbing my cock with yours!" John hollered at him.

"Yeah? You like that? You want my cock don't you? You want it." Tim growled at him and pressed his cock harder against his.

Bella laid back against her pillows and spread her legs. Keeping her eyes on them, glad that they had forgotten what they had been fighting over her. She began playing with her wet pussy. Fingering herself as if she was watching a movie on her television. It was better then a regular television show. It was live for her.

Closing her eyes and getting comfortable. Figuring if she kept her ears open she would be able to tell when they were going to come back to the bed for her. Hoping that they wouldn't take too long because she wanted them to fight over her more. It turned her pussy on more then she thought it would.

Tim began kissing John's neck and biting down on him as John brought his hands to Tim's ass and began slapping it as hard as he could.

"Tough guy like you loves his ass spanked don't you Tim? I knew that you were the type who loved your ass spanked." John grunted in his ear as he started breathing heavily for him.

"That's right daddy, keep spanking this ass of mine. Please keep spanking me." Tim whispered in his ear as he grunted and thrust his cock harder against Johns.

John nudged him without saying another word once he caught what Bella was doing on the bed. Tim looked over his shoulder and saw that her legs were spread wide open as she was pleasing her pussy. Wishing that he was the one pleasing it.

"Come on lets go help her out." John whispered in his ear and licked his earlobe quickly.

Both of them got up from the floor. Now on the same team since they were watching Bella and knowing that they loved pleasing each other as much as they wanted to please her.

John stood on one side of the bed looking down at her. Her eyes were closed tightly with no signs of opening. She was

whimpering and moaning softly to herself as she shoved her fingers into her wet pussy again.

When Tim was on the other side of the bed he nodded his head at John and quickly John took her hand away from her pussy. Moving quickly to grab her other hand so that she couldn't fight him. Tim got on top of her as quickly as he could so that Bella couldn't closer her legs up on him. He began slamming his cock into her wet pussy.

"Stop!" She screamed at the top of her lungs. Feeling his cock moving inside of her. She winced at the pain when she felt her pussy stretch to the width of his cock so that he could push further into her.

John took both her hands with only one of his and then covered her mouth with the other one. Making sure that he didn't cover her nose. He wanted to muffle her screams.

"Its okay Bella. We are just giving you what your pussy needed for so long now. Your pussy wants his hard cock deep inside of you." John whispered in her ear and shoved his tongue into it. Teasing her ear as he moved his tongue in and out of it.

Bella glared at him. She was hating John at that very moment for holding her against her will. She was all for having fun with them when she saw them on the floor. She wanted to make them both happy but this wasn't the way she wanted to do it.

"Your pussy is so tight for me baby. So fucking tight, I knew that it would be worth the wait when I was able to shove my cock into you. Can I cum in your pussy baby? Please let me cum in your pussy." Tim begged her softly as he pushed his cock in and out of her quickly.

She glared at him and shook her head back and forth as quickly as she could. She didn't want him cumming in her she didn't even want John cumming inside her pussy. Knowing that it would be easy for her to become pregnant since she wasn't on any birth control.

"You can cum in her pussy. Of course you can." John nodded his head at him and thought about what it would feel like to have his hard cock inside Tim's ass.

"Oh god, just thinking about it is making me want to cum right this very second. I want to shoot all my cum deep inside your pussy baby. You are mad at me now but you will fucking love it if you would just relax a little." Tim assured her, licking his lips and staring down into her angry eyes.

John took his hand away from her mouth so that he could squeeze her tit. He had been watching them and knew that her tits were just begging for attention. Looking down at her hard nipples. The only reason why they would be hard was if it was cold in the room or she was horny. He knew that it wasn't cold at all in the room.

"Don't cum in my pussy Tim. Please don't." Bella begged him

softly, pleading with her eyes not knowing how close he was to cumming inside of her.

"You will love my hot cum. I promise you will." Tim murmured to her, nodding his head and smiling.

"You may not like it baby but your tits and pussy are telling us differently. Come on, be honest with us you want us fucking you don't you?" John raised his eyebrows and kept a smile on his face as he flicked her hard nipple just as hard as he could. Hearing her yelp made him moan loudly.

"John the feelings you have for me right now are gross. You know that right?" Bella tried convincing him that it wasn't something that they were suppose to do.

"We aren't even related baby. I have been wanting you for so long now, keeping it to myself. You have no idea how many times that I have jerked off in my room thinking about you. Needing you." John whispered to her. There was no reason to yell when he was just inches from her.

"I do want you guys but not like this. I don't want you cumming in my pussy. You just can't. We have no protection." She whined at Tim. She was going to give in to his needs. Going to give in to her wet pussy that was threatening to cum itself.

"Oh...." Tim trailed off. He knew that was a problem but it was music to his ears when he finally heard her say that she wanted him to fuck her pussy. Something he had been dying to hear since the first day they started seeing each other.

Tim took his cock out of her pussy and moved down her body. Bella grinned at him as he looked at her and began teasing her clit with his tongue. Moving the tip of it as fast as he could over her clit.

"I want you! Fuck baby that feels so fucking good. Lick my pussy!" She hollered at him and threw her head back against the pillows. Moving her ass up and down on the bed trying to shove her pussy into his face.

"I knew you were more then just a tease. You want both of our cocks. That makes you a horny little slut in my eyes." John grunted to her, stroking his cock while he squeezed one of her tits hard in his hand.

"John.....John.." She closed her eyes and moaned softly.

"What do you want me to do baby. Anything you want me to do to your hot fucking body I will do it." John told her quickly. Waiting to hear what she wanted him to do.

"I want you to fuck Tim's ass for me. I want to hear him moan out for you. Watching the two of you on the floor really turned me on." Bella told him in a rushed voice, praying that he wasn't going to tell her no.

"Oh....I thought you wanted me to please you." John looked at her with disappointment in his eyes.

"That would be pleasing me. Fuck that would please me so fucking much." She nodded her head quickly at him, putting a big smile on her face.

Tim brought his mouth up from her clit. He wasn't sure that he had heard her right. His heart was racing praying that he didn't hear her right. He never had a cock inside his ass before and he wasn't planning on having one in his ass.

"What?" Tim looked up at her and then looked at John.

John looked at him and shrugged his shoulders, putting a smile on his face. The one thing he had always wanted to do was to please her.

Hoping that he would have the chance to see her sexually and he was doing just that.

"Please baby? Please do it for me? You have done things that I didn't want you to do and you still got what you wanted." She pouted at him letting him know that it wasn't fair.

"I don't think that I can do that." Tim whispered to her. Now being the one uncomfortable with the situation.

"You would make me so happy if you would." She whined at him. Staring into his eyes. Wanting him to take it up the ass. Wanting to hear him moan for another man while he was licking her pussy.

"I don't know....." Tim blushed a little. It wasn't something that he had thought of when he wanted to get her into bed. All he wanted was to fuck her and her to ride his cock when it was time. He loved it when a woman was on top and riding his hard cock. He couldn't remember the last time that had happened to him.

"If you let him fuck your ass baby I will let you do something that you really want to do." Bella teased him, trying to bribe him into it.

"Really?" Tim grinned at her and his eyes widened when he heard her talking about pleasing him if he let John fuck his ass.

Tim looked over at John and saw that he was more then willing to do it. All he was waiting for was the go ahead. Tim couldn't help but wonder if John was bi-sexual by the looks of it he was. He didn't hesitate to please her in that manner.

"Yes. I will let you cum in my pussy. I will let you fill my pussy up with your hot cum." Bella whimpered at him, thinking about it was turning her pussy on even more. She couldn't believe the words that were coming out of her mouth when just a few seconds ago she was begging him not to cum in her pussy.

"You swear you will let me? You told me that you weren't protected." He reminded her as if she had forgotten she had told them.

"I'm not protected but how badly do you want to fuck my pussy until you cum inside of me?" She asked him teasingly giving him a wink.

Tim groaned for a minute. He thought about it and rolled his eyes at her. A few seconds later he sighed heavily and nodded his head at her.

"That's a yes that John can fuck you ass baby?" Bella wanted to make sure that they were on the same page and giggled a little when he nodded his head again.

"I can't remember the last time I fucked a man's ass. Has to be well over a year for me." John moaned and let go of Bella.

John slowly made his way over to Tim and grinned at him. Tim's eyes grew wide when he realized that he had been right. John was bi-sexual. Never having a cock in his ass before he was beginning to wonder just how much he wanted to cum in her pussy and if it was worth the pain he was going to feel.

"Please go easy with me." Tim whispered to him, watching John walk behind him and felt John's hands begin to rub his ass cheeks.

"I'll go easy with you Tim. You know as much as I have thought about Bella sexually there have been a few times I have thought about you. I think that my dreams are now starting to come true with you guys. Hopefully you will like it so much that you let me fuck your ass more after today." John thought about the future for a brief moment.

Tim didn't say anything to him. He didn't know what to say, never having a guy come onto him before he was at a loss for words.

"Well you don't have to answer me right now. I'll let you think about it." John chuckled as he began pressing his hard cock between Tim's ass cheeks.

"Come on guys, don't forget about little ole me. Lick my pussy baby, come on and make me feel good." Bella begged him in a whispered voice, letting Tim know that she was still there and waiting for his tongue to please her pussy.

Tim looked back at her and closed his eyes when he felt John's long, hard, cock press against his ass harder. Knowing in just a few seconds that he was going to have another man's cock inside his ass.

"I've changed my mind. I don't want it." Tim shook his head firmly.

Bella threw her head back and laughed at him. She knew that it was already too late since John was behind him now. She hoped that John wouldn't back away from him. Hoping that Tim would feel the same exact way that she had when he forced his cock into her mouth

earlier.

"Its a little too late for that now baby. You are really going to like it, its normal to be nervous Tim. Its going to be okay." John assured him and spread Tim's ass cheeks so that he could see where his cock was going. It made him really horny when he watched the tip of his cock go into another man's ass. Not having another man in such a long time he wanted to take his time with Tim. Poor Tim who was tensing up.

"A word of advice the more you tense up the more its going to hurt when I get my cock into your ass. I don't want to hurt you, trust me when I say that." John moaned to him, pushing the head of his cock against Tim's asshole. He hoped that Tim would relax quickly for him.

Tim looked into Bella's eyes and pleaded with her. She nodded her head at him and looked down at her pussy.

"Its going to be okay baby. Just lick my hot pussy, its waiting for your wet tongue. The more you lick my pussy you won't notice that his cock is going into your ass. Come on sweetie." She purred to him and gave him a wink.

Tim knew there was no way to get out of it now. Thinking about it he should have just told her no to begin with. He would get into her pussy soon enough and cum inside of her. He always got what he wanted. Tim sighed and shook his head at her and closed his eyes for a moment. Making his body relax for John.

"There you go honey. No matter what you keep that ass of yours relaxed for me." John moaned to him as he felt the tip of his cock go into Tim's ass.

Tim squeezed his eyes shut, bending over more so that he could start licking her pussy. He heard John behind him moan loudly as he bent his ass over.

Tim didn't' want to cry out with pain but feeling his asshole stretch as John pushed further into his ass he felt tears coming to his eyes. His cock no longer hard worried about John's cock inside of him he shoved his tongue deep into Bella's pussy. Wiggling it around inside of her as fast as he could. Trying to get away from the uncomfortable pain that John was creating as he pushed his cock all the way inside his ass.

"Fuck, oh god yeah! Your ass is so fucking tight for my cock. I want your ass all the fucking time!" John hollered out to him and spanked his ass hard with one of his hands.

Hearing John holler out his pleasures Tim couldn't help but feel special. He pressed his ass against John's cock and began moving his ass up and down slowly. Though he was in pain the pleasure was overriding the pain slowly.

Tim grunted and moaned himself as he licked faster at Bella's pussy. He felt her squirming around and whimpering for him.

"That's right Tim lick this hot pussy of mine. Shove that cock hard into his ass!" Bella screamed at the both of them. She loved hearing Tim moan out for her step-brother. Happy that the three of them had come to a compromise.

"Oh I'm fucking his ass. He's really liking it. He's riding my cock slowly with his ass. You are so fucking tight Tim. I can't believe this is happening. It more like a dream to me now." John spanked his ass again felt Tim raise his ass up for him.

"Good boy Tim. I knew there was a reason I liked you. This was it right here." John grunted softly to him as he rubbed the side of Tim's ass and massaged it with his smooth hand.

Tim whimpered as he slurped and sucked on Bella's pussy. He could taste some of her pussy juice on his tongue. Not sure if she was going to get ready to cum but he wasn't going to keep licking her pussy if that was what she was going to do. She had promised him her pussy before John began fucking his ass.

"John fuck my ass! Come on baby fuck it!" Tim took his tongue out of Bella's pussy and began screaming for him.

"The words I've been wanting to hear since I put my cock inside of you baby." John whimpered to him, gripping his hips tightly with his hands he pulled his cock out of Tim until he saw the length of himself. All but the head of his cock and slammed it into his ass again. Slowly repeating his actions.

"I said to fuck my ass John! Don't be a fucking pussy. Fuck my ass!" Tim hollered at him. Wanting to really feel John fuck him hard.

John moaned and closed his eyes. If he watched his cock go in and out of Tim's ass he was afraid he was going to cum.

John loved it when Tim cried his name out, making him fuck Tim's ass harder and faster. He felt himself working up a sweat as he started getting really into it.

"Thank you Tim. Thank you so fucking much for letting me do this." John whispered to him, biting down on his lip and talking to his cock silently, begging for his cock not to cum. He wanted to keep fucking Tim for a long time.

"Lick my pussy." Bella begged Tim softly.

Tim looked her in the eye with a smile on his face and shook his head back and forth slowly. Grunting only when John slammed his hard cock into his ass.

"Why? Please baby. Now that I am doing what you want you don't want to please me?" She whined at him. She couldn't believe that he was denying her now when she needed him more then ever.

"If I keep licking your pussy you're going to cum. I just know that you are going to let that pussy juice spill right out of that hot pussy of yours. Even if you don't want it to it will happen and then there goes my chance of cumming inside your pussy the way I want to. Remember you told me I could fuck your pussy until I came. What I have in store is that your pussy is going to cum with my hard cock inside of you. That's what I want." Tim moaned to her thinking about it and thinking about John cumming in his ass too.

"Oh baby, I need to feel your tongue some where baby. Please, hearing how much John is pleasing you I need something." Bella begged him softly. Feeling her face growing warm. Bella wasn't use to blushing but she had never been put in this situation either. She just needed to feel Tim pleasing her somehow, someway.

Tim thought about it for a moment and then winked at her coming up with an idea quickly and a smile spreading across his face. He kept his eye on Bella as he lifted her legs and whimpered, almost forgetting that John was behind him until he felt his cock move inside him again.

Tim took a moment to close his eyes and lift his ass a little so that John knew he wanted more. He wanted to feel John fuck his ass hard.

Bella was still looking at Tim wondering what he was going to do. A little impatient because now was John was being a distraction. He wanted all of Tim's attention on her and only her. She couldn't wait for John to get off and leave the room. Something that she had been thinking about it the past few minutes.

"Come on daddy!" Bella hollered out with frustration.

Tim lifted her legs until he saw Bella's ass crack. Looking down at it and practically drooling when he saw her smooth ass he knew it would be easier to flip her over. In one swift move before Bella could even cry out in surprise she was on her stomach and facing the pillows.

She giggled at him and looked over her shoulder. Thinking it was hot that he would go wild over her calling him daddy.

"What's so funny?" Tim gave her a confused look but a small smile seeing that it couldn't be all that bad if she was smiling at him.

"I think it sexy that when I call you daddy you turn into this animal and quickly please me. As if you're afraid that I'm going to walk right off the bed and you're never going to see me again." Bella explained to him and then turned back around.

"I love it when you call me daddy. There's a first time for everything right? You calling me that and hearing your voice whine it makes me feel fucking hot. It makes my cock get really hard and it feels like its going to explode. Though it really wants to I'm not going to let it until I get to cum in that pussy of yours. Don't think I forgot about that deal. That's the only hole I want to fill up with my cum." He grunted and spread her ass cheeks so that he could look at her asshole.

"Are you going to lick me Tim?" She whined at him. Closing her eyes and resting the side of her face against her pillows.

Tim moaned but didn't answer he as he took a closer look at her ass he heard John grunting and murmuring something.

"What baby? You like that your hard cock in my tight ass?" Tim looked at him over his shoulder and winked at him. Thinking that was what John was whispering.

"Yes....god yes...I fucking love it but that's not what I'm talking about. Tim I want to fucking cum. I want to cum so deep inside your ass." John felt his cock starting to flex and knew that it wouldn't' be long before he came. He wanted to cum right inside Tim and not stop until his cock was completely satisfied.

"You do what you is going to make you happy." Tim nodded his head at him and bit down on his lip. It was going to be the first time that he had anyone come in his ass. Wondering what it felt like he looked at Bella who was quite upset with the both of them for ignoring her. Tim blushed a little and shrugged his shoulders. Letting her know that it was out of his control. She was the one who wanted John to get behind him and fuck his ass. It was her who had set that part of instead of them fucking her and having a blast together.

Tim clenched his eyes shut very tightly when he heard John grunting louder and louder for him. John could feel the cum teasing his cock wanting to escape and get out just to get into another warm place the ass that was in front of him.

"Come on honey, cum for me Johnny. You want this nice ass don't you? You want to make me happy and fill it with all your hot cum right? Cum for me please." Tim whimpered and begged him through clenched teeth. He was just dying to know what it felt like. Pressing his ass against him as hard as he could and hearing John yelp out to him he almost couldn't control his own cock. He couldn't wait for John to get done cumming for him but first he had to start. Not sure that he could keep control of his own cock but he knew that there was no way around it. He had told Bella that he was going to cum in her pussy and he meant it. He wanted to do just that. If John made him cum because he was taking too long then there was going to be hell to pay.

"I'm trying baby.....I'm almost there. Fuck I'm almost there." John slammed his cock as hard as he could into Tim and grunted one last time with a huge smile on his face John felt his cock finally cave in and cum slowly at first into Tim's ass.

Tim felt the warmth slowly hit his ass and he groaned. Never feeling another man's cum in his ass or anywhere else for that matter he was surprised and happy at the same time. Never thinking it would feel that warm inside his ass but now as he closed his eyes and stayed relaxed since the beginning of it all with John he moaned and grunted himself feeling the cum fill his ass faster. He liked the feel of John's cum entering his ass and hoped it wouldn't end too quickly.

"Your ass is so fucking good to me. Turns me right the fuck on how tight you are baby. Making my cock cum harder for you. I need your ass all the time Tim. I want your ass so much fuck!" John cried out to him as he felt his cock cumming harder.

John's eyes popped open when he felt a soft hand touch his balls. Tim had put his hand between his legs in search for John's balls. Massaging them softly and whimpering as he felt them roll in his hand slowly.

"You like that honey? You like me playing with your fucking balls like this!" Tim hollered out to him massaging them harder in his hand until John took his hand off his hip and reached around in front of Tim in search for his cock.

When John found his cock he grabbed it hard in his hand and began stroking it hard in fast. Tim thought he felt John's cock starting to slip out of his ass, knowing John wasn't done yet he slammed his ass tighter against him and felt John's cock move back into his ass as deep as it would go.

"Your cock is nice and hard for me you sexy bitch. I bet you would cum if I kept stroking it huh?" John chuckled deep in his throat.

"Yes I would but please don't make me cum. I have plans for this cum that's held hostage inside my cock. The right touch and I'm going to explode right in your hand. Something I want to do but I want to cum in Bella's pussy more." Tim begged him over and over again not to make him cum. Though he wanted it more then anything he was going to be pissed when he was done cumming and realizing it would take forever for his cock to get hard again and able to fuck Bella's pussy. There was only one place that he wanted to cum.

John squeezed his cock harder, thinking about it for a moment but he didn't want to make Tim mad. If he did that he would have a hard time convincing Tim to let him fuck his tight ass again. Losing trust in him because he knew what he wanted to do. Knew what he wanted to do since he walked in and saw Tim on top of her.

He sighed heavily and let go of Tim's cock. Putting his hand back on Tim's hip and fucking him faster and harder as he continued to cum for him.

"You have a lot of build up huh? Saving all of it for me like

you should." Tim murmured and looked over his shoulder to see that John's eyes were focused right on his ass.

"Close your eyes and feel my balls hitting yours baby. I want you to feel my round balls smacking hard against yours!" John hollered out his instructions.

Tim nodded at him, turning his head back around he closed his eyes like John had told him to do. He took a deep breath and felt John pressing his balls against him as he continued cumming inside his ass. Feeling the sweat against his own balls for John's.

Tim tried to think of something else so that he could concentrate on not cumming. He brought his mouth to Bella's ass and began licking her ass crack furiously, pushing his wet tongue between her ass cheeks and without thinking about it shoved his wet tongue into her ass.

"Tim! That feels so good baby.....I've never had anything like this done to me before. Push your tongue further into my ass please. Don't stop baby!" She brought her head up off the pillow and looked over her shoulder. A smile on her face when she saw that he had his eyes closed and pushing his face harder into her ass. When she felt his tongue go into her deeper she whimpered to him, feeling him wiggle his tongue around in her ass.

John finally felt his cock growing soft inside Tim's ass and pulled it out of him. Not caring to see his own cum come out of Tim's ass. Most times he loved it, he loved seeing just how much he had come for someone but he was too busy listening to Bella moan and whimper for Tim. He didn't want to miss the chance to see his stepsister getting pleased sexually. He had heard it a long time ago with his ear pressed against the wall but never got to see it in person. Thinking it would make her feel to weird for him to be watching her.

"You like that don't you baby?" John whispered in her ear making her jump. Bella didn't know that John was so close to her. She thought he was still having fun with Tim's ass.

"Yes, fuck.....yes I love it." She gasped at him getting over the initial shock that her step brother was actually having fun with her and her boyfriend.

"I bet you want his hard cock inside your pussy. I bet you want him to fuck your pussy so hard that you squirt all over the place." John grunted to her and licked her ear with the tip of his tongue.

"I want him to fuck my pussy." Bella agreed softly nodding her head at him.

Bella almost screamed when she felt John's hand disappear under her body. Instead she glared at him when his fingers found her clit. Spreading her pussy lips with them and rubbing her clit with his fingers gently.

"Its alright Bella. Come on baby, you are going to have to get use to this sometime. Even when Tim isn't here I want to fuck that sweet pussy of yours. I bet your pussy would love my cock inside of you." John felt her relax as he was talking to her.

The more John rubbed her clit with his two fingers she felt her pussy getting really wet. She began moving her clit over his fingers, pressing them to the bed as she slid her clit up and down the two fingers that had started playing with her.

"There you go. See, its not all that bad now is it? I can make you feel good if you would just let me." John grinned and felt her clit press down on his fingers. Just because he was done with Tim didn't mean he had to be done with Bella.

"Yes. I will let you please me. I will. I want you Johnny." Bella whimpered to him, looking into his eyes and biting down on her lip. A little embarrassed that she was practically begging for him.

"Don't be ashamed baby. Don't be. You are just enjoying a man's touch. I want to fuck that hot little pussy of yours tonight while our parents are sleeping. Will you let me fuck that pussy of yours?" John brought his mouth back down to her ear and whispered to her. He didn't' want Tim hearing what they were talking about.

Bella understood why he was whispering to her and nodded her head at him slightly. Thinking about sharing her bed with John was turning her on even more. He could teach her things that she would be able to do with Tim. Something that would wow Tim the next time he came over to see her. Praying that John wasn't just talking because of the sexual atmosphere they were in at the moment.

"Good girl, I always knew you had a thing for me. I'm going to make sure my cock is nice and hard for you tonight sweetie." John whimpered in her ear and took his hand from under her body. Keeping eye contact with her he could see that she was disappointed that his fingers didn't reach her pussy. Disappointed that he had made her stop rubbing her clit against his fingers.

"In time naughty girl." John winked at her.

Bella threw her head into the pillows and brought her ass up so that she could grind it against Tim's tongue. Tim was too busy wiggling his tongue inside her ass that he didn't hear anything that they were talking about. As far as Tim knew all John was doing was pleasing her while he was teasing her ass with his tongue.

"Tim will you fuck my pussy?" Bella begged him as she lifted her face from the pillow to cry out to him. She was so close to cumming that she was afraid she was going to cum on her blankets instead of cumming on his cock.

"I thought you'd never ask." Tim grunted, when he slid is

tongue out of her ass quickly. He flipped her back over onto her back and smiled at her as he got on top of her. John had stepped back from the bed so that he could watch her get fucked.

"Tim put your hard cock into my pussy. Fuck.....please!"
Bella hollered at him thinking he was taking too long to please her pussy. He had teased her, stopped pleasing her so that John could fuck his ass and now she wanted just him. Only the one on one attention that she deserved from Tim.

Tim slammed his cock into her pussy. Hearing her squeal like a little pig when she felt her pussy hole stretch for his thick cock. She whimpered and begged him to keep fucking her even though her pussy was hurt from his huge cock moving inside of her.

"You are so fucking tight Bella. Your pussy feels like a virgin honey. I am so happy to be fucking this sweet pussy of yours." Tim moaned to her, looking at her and giving her a wink. Letting her know just how much he appreciated her pussy being tight for him.

As Tim was slamming his cock harder into her pussy he watched her huge tits bounce and jiggle around on their own. John was watching them too. Biting down on his lip and wishing that he could be suckling her tit that was teasing him from afar.

"Come on John. Don't tell me that you don't want a taste of this." Tim grunted to him as he grabbed a hold of Bella's tits with both his hands so he could drive his cock deeper into her wet pussy. The pussy that was begging for him to cum inside of her.

John grunted and nodded his head at him. As he started walking towards the bed and closer to Bella's tits she opened her eyes wide and shook her head. She didn't want him. She just wanted Tim to please her. She would have John please her later that evening.

"Come on, let him suck your tits. He wants them so bad. I can see it in his eyes." Tim squeezed her tits harder in his hands as he slammed his cock harder into her pussy seeing the tears come to her eyes.

"No. I just want you." She whispered to him.

Tim's smile widened and nodded his head at her. Letting her know that it wasn't up to her again. He was the one on top of her his cock as deep as he could get it inside her pussy and she was going to do what they wanted for a change.

"That's not how it works." Tim finally told her as he let go of one of her tits so that John could cover it quickly with his mouth.

As John began sucking on her tit and getting it more into his mouth he felt Bella pounding her fist on top of his head. Instead of letting go of her tit he bit down hard on it making her cry out loud because the searing pain he was sending through her tit.

Bella stopped immediately and began crying. Not sure if she

was crying because of John suckling her tit or because Tim's hard cock was hurting her pussy.

"It will be over in just a few minutes baby. Daddy's going to cum hard inside your pussy. You are going to love my cum filling your pussy so fast." Tim grunted to her, keeping his eyes on hers and seeing the tears sliding down her face.

"No." She whimpered to him, closing her eyes and forgetting that she had told him that he could if John fucked his ass.

"That was the deal baby. I could fuck your hot pussy until I came remember? A deals a deal no matter how you look at it. It could be worse......John could be cumming in your pussy." Tim raised his eyebrows at her and shrugged her shoulders.

"No! Get the fuck off of me!" She screamed at him as loud as she could. Glaring at him and letting him know that she had changed her mind.

"Too late. We did what you wanted this pussy is mine now." He glared back at her.

Bella lifted her head off the pillows and spit in his face. It happened so fast that Tim wasn't sure it even happened until he felt it rolling down his chin.

He wiped the spit away reaching out and slapping her across the face hard. She brought her hand to her face quickly and bit down on her lip.

"I should have known that you were only a fucking tease. I've seen your kind before. You beg for a cock and then when its finally in you and us men are about to cum you don't want it anymore. I'm going to show you what happens to a tease like you when you go to far!" Tim snapped at her as he thrust his cock in and out of her pussy as fast as he could.

Bella shook her head back and forth at him as he kept his eyes on hers and gave her a small grin. He felt her squirming underneath him as she fought to get his cock out of her pussy. Trying to use her legs to push him off of her.

"Now you be a good little tease and I won't slap you again. The more you fight me the more its going to hurt you in the end." Tim growled at her.

John took his mouth off of her tit and saw the struggling that was going on. He could tell that Tim was getting ready to cum inside her pussy. Seeing that Bella was fighting and resisting him John held her legs down and saw Tim was watching him. Tim was slightly thanking him for the help.

John's mouth was just inches away from Tim's mouth. Moving forward John pressed his mouth hard against Tim's he pushed his tongue inside of Tim's mouth and heard Tim moan as he continued fucking Bella's pussy.

"You guys are gay. I'm going to tell everyone that you guys really like each other more then just friends. If you don't take your cock out of me now that's what I'm going to do!" She hollered at him so that he could hear her.

"If you were to do something like that it would really suck if they found out the only reason why you spread the rumor was because you fucked your step-brother and just trying to cover it up. I'm going to cum in your hot pussy whether you want me to or not. We made a fucking deal." Tim broke the kiss he had shared with John to talk to her. He wasn't worried about her spreading rumors no one would believe her anyways. They would think she was crazy and needed help. All the people that Tim knew heard him complaining about not getting her pussy and promising them that he would get it before the summer ended.

John stepped away from him and sat on the edge of the bed. He began rubbing her tits with his hands and rubbing his thumbs across her hard nipples.

"You can't lie to us. We know that you love it. Your body gives you away Bella. Like Tim said you are nothing but a tease." John grunted to her, licking his lips and wanting to her kiss her on the mouth but instead he felt his cock getting hard again. He brought one of his hands off her tits and began stroking his cock to make it harder.

"You going to shove that cock deep inside your lover's ass again?" Bella laughed at him talking about Tim.

"I will shove it into your ass as many times as you want me to." John shot back at her with the nod of his head.

"You won't fucking touch me!" She wanted to spit in his face but had learned her lesson with Tim. She didn't want another smack across the face.

"My cock is going to fuck that pussy of yours so hard tonight that you won't know what hit you. I am larger then Tim is too." John winked at her. He didn't' care anymore that Tim knew what he wanted to do. What he was going to do always needing to get his way.

"Mm, that sounds so fucking hot doesn't it Bella? You thinking about his cock inside your pussy right now aren't you?" Tim laughed at her, thinking that John was only kidding around. John had no problem shoving it into his ass earlier so he really thought that John didn't' care too much about having sex with Bella since he fucked him earlier.

Tim closed his eyes and as he did so John winked at her letting her know that he was still going to fuck her pussy later on that night like they had agreed. She glared at him and shook her head, not wanting Tim to know that they had really talked about it. She shook

her head no firmly over and over again as John just smiled at her. He would get his way and she would like his cock before it was all said and done.

"God, your pussy......your pussy is so fucking wet.......I'm going to cum!" Tim opened his eyes and warned her that his cock was getting ready to cum for her.

Bella bit down on her lip. She knew it was useless to sit there and fight him with John right there with him. No matter what she did she was going to lose.

Bella whimpered to him as she felt her pussy wanting to cum on his cock. She wasn't sure that she could hold it back herself. Wanting to cum with him when he did so.

"I love....I love your hot pussy. Oh yeah. Daddy's cumming for you!" Tim licked his lips and stared at her tits that were bouncing around for him. It looked like they were pleading with him to suckle on them for a few minutes. He grunted and growled as he felt his cock shoot cum out and enter her pussy.

"Fuck! I love that warm cum! My pussy loves your hot cum baby!" Bella screamed at him as she gasped and began breathing heavily for him.

"That's right let that hot pussy of yours cum all over my cock. I want to feel that sweet pussy juice on the head of my cock. I want to make sure that I please this pussy of yours. Cum for me baby, please cum for me." Tim whined at her. Slamming his cock over and over again inside her pussy. Pushing his cock to cum harder inside of her.

"My pussy is cumming Tim, its cumming for you." She squealed at him throwing her head hard against the pillows behind her.

"Good girl, sometimes it pays to be a tease huh? You get your pussy filled with cum and you are going to cum all over my cock." Tim winked at her.

That was all it took, she felt her pussy gushing its juices out and onto his cock. Making it really wet inside of her now. Just by him winking at her her pussy couldn't stand it anymore.

They began whimpering and moaning together. Both of them swearing and saying how good the other one was at fucking and cumming. By the time they were done Tim felt like he was going to have a heart attack. He collapsed on top of her the second he was done. Pressing his body hard against hers as he left his cock inside her pussy.

"Tim you have to get up so I can push your cum out of my pussy!" She hollered at him starting to panic about not having any protection it was the only thing that she could think of.

"I...I can't get up...right this second." Tim murmured to her, catching his breath as quickly as he could.

"You have to!" Bella whined at him thinking about what might happen if he didn't. Knowing he had to get up.

She tried pushing against him after five minutes of not getting anywhere she knew that his cum had suck all the way into her. She gave up and let him kiss the side of her neck as his chest pressed against her tits.

The room was quiet for a little while. John didn't know what to say to either one of them. Tim figured if Bella was to become pregnant then he would deal with it when she called him up. Not expecting her to call him after what they had done. Surprised if she would but he would make sure he kept his phone on him.

Tim finally managed to get off of her and sit up on the bed giving her a soft smile. She didn't return the smile to him.

"So what I want to know is if we are still going out. I mean you look pretty pissed." Tim felt guilty for making her mad.

"Yes, we are still going out. Its nothing that we can't work through." Bella blushed and her eyes softened as she heard the sadness in his voice.

"Well now that is settled I have to get ready to go." Tim looked at his watch and realized he had to get to the store to get something to eat and then head home.

Tim got his clothing and got dressed quickly. Heading to the door she got up and began wiping herself off as she walked passed John, almost forgetting that he was there.

Bella walked Tim to the bedroom door and kissed him on the cheek when she got her shirt on. Thinking that John was going to leave right behind him.

"Where are you going?" Tim asked her, thinking that she was leaving the bedroom.

"Well I'm going to go get into the shower." She smiled at him and shrugged her shoulders. Other then that she didn't have any other plans.

John walked up behind her and made eye contact with Tim who had a big smile on his face as he looked back at Bella.

"I think that he has bigger plans for you....have fun." Tim winked at her.

Before Bella could turn around to face John she felt his hard cock pressing up against her ass cheeks, she felt his arms come around to her waist and hold her tightly her eyes widening. She didn't think that John was going to want it right then and there. The only reason she had told him yes was because she was horny and needed someone to please her pussy. Not caring who it was. Now that she had released

she wanted nothing to do with John.

John began dragging her back to the bed as Tim laughed and shook his head at the both of them. He closed the door behind him. He could hear Bella hollering and screaming from the other side of the door. Taking a deep breath and letting it out his smile grew wider as he headed down the stairs and out of the house.

"You knew that I wanted to fuck your hot pussy." John moaned in her ear as he threw her on the bed and quickly got on top of her.

"John! We can't do this!" She screamed at him. Shouting in his face.

She felt the head of John's cock slide inside her pussy. It was still sore from Tim fucking her pussy with his large cock. Her eyes grew wide and she whimpered putting her arms around his neck as she winced from the pain.

"Good girl, I knew you would see it my way. Your hot pussy is all for me and you know our parents aren't going to be home until later on tonight. We have all day to fuck and then we can get into the hot tub together in the bathroom." John grunted to her as he pushed his cock all the way inside her pussy.

"I will do anything for you Johnny, fuck my pussy Johnny." Bella nodded her head at him as she felt her pussy getting wet all over again.

"Anything?" He grinned and raised his eyebrows at her. Bella whimpered to him as he brought his mouth down to her ear and moved is cock in and out of her pussy. He couldn't wait to cum in her warm pussy. Not caring that Tim had already. He was going to fuck her better then he had.

"If you would do anything for me then you will break it off with Tim tonight. Now that my cock is in your pussy this is the only cock I want you to have. I don't want you fucking Tim every again. This pussy is all mine do you understand me?" John whispered in her ear. Wanting to make sure she completely understood what he was telling her.

"Yes." She whispered back to him and wrapped her arms tighter around him. Knowing that it was going to be the best night of her life to have John in her bed with her. Falling asleep together and fucking again in the morning. She had a feeling as she felt him cum for her quickly that she was falling in love with John. She wanted him and needed him.

"I love you Bella and soon enough I'm going to make you love me. This is something I have been waiting for for a very long time.." John moaned to her as he closed his eyes and felt her pussy

starting to cum for him.

The End.
